

MOMAR**Greenaction™****Oomph™** Ready-To-Use Spotter with Peroxide

Environmentally Responsible Chemistry.

Removes tough stains. Compatible with stain resistant coatings. Color-safe bleaching and deodorizing. Safe on carpet, rugs, upholstery, and linens. Great as a laundry pre-spotter. Compatible with all extractors, bonnets, and shampoo machines.

Benefits

- Formulated in partnership with the EPA DfE, this product utilizes biodegradable, non-toxic ingredients, which exhibit more positive environmental and human health characteristics than conventional formulations.
- Removes the toughest stains. Even old, set stains can be removed quickly and easily.
- Compatible with carpet manufacturer's stain resistant coatings when used as directed.
- Contains active oxygen for color-safe bleaching and deodorizing on all types of rugs, fabrics, upholstery, clothing, towels, draperies, linens, carpeting, and uniforms.

Application

OOMPH Removes:

Tea, Wine, Urine, Blood, Grime, Coffee, Liquor, Ketchup, Cosmetics, Chocolate, Mildew, Iodine, Crayon, Betadine, Vomit, Pet Stains, Shoe Polish, Food Stains, Fruit Juices, Grass Stains, Oil, Grease, Washable Ink, Soups & Sauces, and countless others!

DIRECTIONS

PRE-SPOTTER: Apply a small amount of Oomph to stained areas. Using a brush, scrub the stained area in one direction from outside the stain or spot to its center. Blot with clean cloth or paper towel.

EXTRACTION: Dilute 8-16 oz/gal of water and follow machine directions.

BONNET: Dilute 8-16 oz/gal of water. Spray solution over an absorbent bonnet and over section of carpet to be cleaned. Buff with 175 RPM rotary machine.

Formulated in Partnership with the EPA DfE program

The Design for the Environment program is one of the EPA's premier partnership programs promoting the integration of cleaner, cheaper, and smarter chemical solutions. Momar is proud to be a partner with the EPA in this program. Oomph bears the EPA DfE logo because it has been reviewed by the EPA and the ingredients used in Oomph have been screened for potential human health and environmental effects.

Based on the EPA's expert judgment, Oomph contains only ingredients that pose the least concern among chemicals in their class.

Specifications

pH @ 25°C (ASTM-E-70)	...	8.0
Density @ 25°C (ASTM-D-287)	...	8.47 lbs/gal
Color (visual)	...	None (no dyes)
Appearance @ 25°C (visual)	...	Clear
Foam Height	...	N/A
Odor	...	None (no fragrances)
Health/Flammability/Reactivity	...	1 / 0 / 0
Personal Protection	...	B-safety glasses and gloves
